

Meet the TEACHER

Mrs Elly Hampton

I am very excited to be teaching your child this year! My favourite part of being a teacher is being able to investigate through play, the varied 'I wonder?' questions that children are curious about. I build upon each child's strengths and create a safe environment where each child can further develop their cognitive, social, emotional, physical and language skills.

My Favourites...

Food: Mexican
Colour: Aqua
AFL Team: West Coast Eagles
Drink: Berry smoothie
Place: Beach
Country: Italy

A Little About Me...

I have been teaching for over 20 years and have taught at various schools in Karratha, Townsville and Perth, and am now back in Kalgoorlie, where I was awarded my very first teaching position many years ago. I am also a busy Mum of four growing boys and enjoy being part of their basketball, AFL and gymnastics communities with my husband. In my spare time I love to walk my dog Barkley, explore new camping spots and dream about being at the beach!

My Educational Background...

I graduated from Edith Cowan University, Churchlands with a Bachelor of Arts degree (Early Childhood Education).

I have had experience teaching many children from 0-8 years of age as a classroom teacher, art specialist, physed and health specialist, and a playgroup facilitator.

Contact Information...

I welcome and value parent communication. Please contact me via email at:
